

Chickenette is a gourmet chicken series, crafted for an unparalleled taste and texture.

Each piece undergoes a 24-hour brining process with eight hand-picked spices and herbs, ensuring every bite is *tender, juicy, and bursting with flavor.*

The meticulous preparation guarantees a delectable dining experience. Chickenette is not just your regular chicken. It's so good that it commands a category by itself.

Chickenette meat might exhibit a slight pink color due to the brining process, which extracts marrow from the bones. This is natural and perfectly safe to eat, indicating the thorough brining that ensures the meat is exceptionally tender and flavorful.
